There is no business in Kansas City has shown a more rapid and substantial growth than the R. W. Foster Drug Store, located at 18th and Woodland avenue. Much of the credit is due to the pleasing and affable manner of Mrs. R. W. Mr. and Mrs. W. H. Monroe of 2102 Woodland avenue, Kansas City, Mo., speak with the very highest praise and commendation for Dr. J. He having attended their 3-year-old daughter, Miss Verna Norde, who is just recovering from a most severe attack after ten days and nights of scientific treatment and whose remarkable improvement thus shown is so gratifying to both parents and friends.

## ALLEN CHAPEL NOTES.

The 5 o'clock services at Allen chapel on Christmas morning this year, promises to be the best that we have yet had, and we know what those of the past have been. We are expecting 1,200 souls in Allen on Christmas morning.

The carpet committee is planning a grand entertainment to be given in Allen chapel next Wednesday evening, December 15. This committee is making a hard effort to pay for our new carpet. There will be two and perhaps three prizes given away to those raising the greatest amount of money over \$5. The first prize will be a handsome and serviceable quilt. The second prize will be \$15.00. Come and enter the contest.

The first quarterly meeting of the year for Allen will be held December 19. Rev. A. A. Gilbert, the new presiding elder, will preach.

## HIGHLAND AVENUE BAPTIST CHURCH.

The services last Sunday were excellent. Pastor Buchanan preached morning and evening. The services were received into the fold. The Sunday school was also well attended. The B. Y. P. U. was addressed by Mrs. Beck. Mrs. Stella Patts is president, and is making good.

The church is divided into ten clubs called Southern States. Each of them have elected their governor and will meet in the church on the third Sunday to elect a president of the United States. They will vote by silver dollars and the governor getting the highest vote will be made president. The ten clubs will unite on December 17 and give a grand feast of seven tables. Price 25 cents. Mrs. Rosa Hurt and M. Boswell are in the lead and they generally make things hum.

It will be well illustrated, showing him on the way to school the first time, and all along the road of his busy life, from the cradle to the grave. It will read like a romance. The book will sell at \$1.25 in cloth binding. This is the best book of Mr. Washington's life. The publishers, Mullikin Jenkins Co., Ninth street, Washington, D. C., are placing salesmen. Anyone wishing an agency can get free sample by mailing 15 cents postage.

## GOOD ANALYSIS OF WORRY

Foolish and Altogether Too Prevalent Habit Which All Should Strive to Avoid.

We worry because we are afraid of something. Worry is fear of the consequences of something that has occurred or something that may happen. A curious thing about it is that it is never associated with the immediate present. It is generally in the future, though sometimes in the past. Animals and babies who are conscious of nothing but the present cannot worry. As all creatures, except human beings, live only for the moment, they do not worry because they have no recollection of what has happened and can form no conception of what may happen.

Human beings having the capacity to look back or forward, mentally are susceptible to the fear that causes worry, and as most persons live more in the past or future than in the present, this tendency affects for worry or life in other respects. Worry is mental fear of an impending something. Persons afflicted will be less worried about their condition than relatives or friends who sympathize with them. A person may worry in anticipation of a sickness or operation, but when they have the sickness or the operation is performed, the worry disappears, and, though they may fear, they cannot worry in the present.

Battle Famous in History. The capture of Warsaw antedated by a day another historic anniversary in German history, the battle of Woerth, August 6, 1870. Here the French under Marshal McMahon, fresh from their defeat by the Prussians at Weissenburg, ten miles away, were again overwhelmed by the victorious Germans. The fiercest fighting occurred in the village of Freeschweiler, which had to be stormed, the struggle in the streets being of the most desperate character as may be judged by the fact that the Prussian loss was 10,000 and the French 8,000 with 9,000 prisoners.

Replacing Fallen Soldiers. Even if the number of permanently disabled equalled a million more, this drain would have little effect. Half of the world's population is less than twenty-one years of age. Out of three or four hundred million of people now at war, the number of young men who will have within the year become of military age will far exceed the number killed and disabled. And it is absurd to say that this means no reparation of fighting strength because wars have always been fought in large part by boys.—Carl Snyder in Collier's Weekly.

Worth While Quotation. The pleasure that we take in beautiful nature is essentially capricious. It comes sometimes when we least look for it, and sometimes, when we expect it most certainly, it leaves us to gaze joylessly for days together. We may have passed a place a thousand times and one, and on the thousand and second it will be transfigured, and stand forth in a certain splendor of reality from the dull circle of surroundings, so that we see it "with a child's first pleasure," as Wordsworth saw the daffodils by the lakeside.—Robert Louis Stevenson.
